Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, Cases of ecresy, and all Sexual Dis-

orders. To the Afflicted!

DR. W. K. DOHERTY RETURNS HIS sincere thanks to his numerous patients for their patronage, and would take this opportunity to remaind them that he continues to consult, at his Institute, for the cure of Chronic Diseases of the Lungs. Liver. Kidneys. Digestive and Genito Urinary orguns, and all Private Diseases, viz: syphilis in all its forms and stages; Gonorrhofa.

Lungs, Liver, Kidneys, Digestive and Genito Urinary organs, and nil Private Diseases, viz: syphilis in all its forms and stages: Gonorrhofa. Gleet. Strictures. Nocturnal and Diurnal Emissions. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. All parties consulting him, by letteror otherwise, will receive the best and gentlest treatment, and implicit secresy.

Rend the Following—A Case of Gleet mad Stricture.

Doctor Doherty—Dear Sir: I feel my health so fully restored that, in common gratitude, I believe I should make you some written acknowledgment for your valuable services, particularly so as your fee was small for the work performed. I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with stricture. Being a stranger in the city, and believing that those doctors who gave such positive assurances of success were necessarily the best (some of whom have a large number of ritles), I placed myself in their charge, and continued under treatment until I had lost nearly all hope and a considerable sum of money I wish to say now that you are the sixth doctor I have employed, and the only one that has done me any service. My Jieet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years. In conclusion, I would say to the many unfortunates who require medicaladvice, if you have any doubt as to whom you should employ, ask Dr. Doherty for my address and come and see me (1 kee

Seminal Weakness - Sworn Certificate of a Remarkable Cure of Sperimatorrhess.

A desire to benefit suffering humanity, and a feeling of gratitude to Doctor W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as Spermatorrhess, or Seminal Weakness, to a fearful extent, which was soon followed by the most alarming symptoms, as bllawed by the most alarming symptoms, as weakness of the back and limbs, pain in the head, weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extert as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society: had evil foreboolings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863. I employed the very best medical talent I could find, and anget average hundred dollars, but in no inand spent several hundred dollars, but in no inld obtain more than temporary stance could obtain more than temporary reuse I had about concluded there was no relief for me in this world, but, reading Dr. Doherty's adver-tisement, I thought I should call and see him, and he charged nothing for consultation. I had an in-terview with Dr. Doherty at a hoffice in Socre-mento street, and his fee for treatment was so mento street, and his fee for treatment was so reasonable I determined to try him, though I did not expect much benefit from his treatment. On the fifth of December last I placed myself under his cars. In one week I found myself very much improved, and now, after five weeks' treatment. I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be 'of benefit to others similarly afflicted, I subscribe myself.

JAMES JOHNSTON.
